SustainMV 2024: Online Programme

SustainMV is a joint summer school of six universities in Mecklenburg-Western Pomerania, Germany, with a focus on sustainability.

The online programme consists of **three days** filled with fantastic lectures covering a wide range of sustainability related topics, especially **Ecosystems, Renewable Energies, Tourism, Digital & Technological Innovations, Waste & Recycling and Social Sustainability**. Academics from all universities of this region, Mecklenburg-Western Pomerania, will present their work and research.

The summer school Sustain MV...

- is taking place **from August 27th until August 29th, 2024 ONLINE**
- is open to international Bachelor, Master and PhD students in any sustainability related subject area & others
- contains **no fees**, only a **registration is necessary** via <https://unigreifsw.moveon4.de/form/661f84087614dbbb350818f1/eng>

For the programme, please visit our website: <https://sustainmv.de/programme-2024/>.

A **certificate of participation** is available (please message info@sustainmv.de after participating).

If you would like to get updates on the programme, follow us on Instagram (@sustainmvsummerschool) or visit our website sustainmv.de.
